(Continued from Page 1)

to place the handling of all grains within the scope to the Canadian Wheat Board. The convention also desires initial payments on export grain that will bear a fair relationship to the price of wheat and

will have due regard to the well-being of the dairy and livestock industries.

IT WAS STATED that a strenuous campaign is being carried on by opposition interests in favor of the open market. In regard to this problem the convention adopted a resolution instructing its directors to initiate and carry on

an equally active campaign to maintain the services of the Canadian Wheat Board and to bring all grains under its jurisdiction. Such a campaign would be conducted in conjunction with other sympathetic farm organizations.

Another resolution approved by the delegates demands the federal government fully compensate all growers of coarse grains who have suffered loss through having sold their grain during this crop year when the ceilings which have now been removed.

Another resolution receiving support of the convention was one suggesting that the government should make a clear statement covering the position of the British home contract. The AFA is of the belief that the contract price should be renegotiated and brought closer to the price which Britain is paying her own farmers for the same product. It is further suggested, if Britain is unable to meet such an increase, the importance of the hog industry is such that the government of Canada should subsidize the price and allow the export of at least one grade hog to the United States.

ROY C. MARLER, Premier, president of the AFA presented a brief report on the Dominion-provincial agriculture conference held in Ottawa. Mr. Marler stated, "we have been assured by the government that price adjustment will be made." The AFA president informed the delegates that it had been agreed crop production for 1948 should be continued on the basis of 1947.

Ed Ruseenholdt, Winnipeg, assistant director of publicity for the Canadian Wheat Board addressed the convention Thursday afternoon. Mr. Ruseenholdt spoke on the subject of general conservation.

The guest speaker told the meeting, "we can achieve, prosperity and security for long times, the present number of western Canadians. We can also vastly enlarge Canada's contribution to peace and wealth of mankind through conservation." Our aim is to use our

To Marry a King?

Twenty-four-year-old Princess Anne of Bourbon-Parma and Denmark, is reportedly engaged to marry King Michael of Romania. A distant cousin of the king, she once worked in a New York hat shop with her royal mother, Princess Margherite.

Best resources for the greatest good for the greatest number said Mr. Ruseenholdt.

According to Mr. Ruseenholdt the basic factor for advancing agriculture and industry is to have the amount of water available when it is most needed. Mr. Ruseenholdt was speaking of the Saskatchewan-Nelson region and mentioned that in times of drought millions of gallons of water run down off our mountains and finally poured into Hudson's Bay.

THE SPEAKER told of great plans for the Saskatchewan-Nelson region such as hooking up the rivers and the gas and oil fields to provide the power needed for advancement.

The St. Mary's river and the Milk river irrigation projects will provide 450,000 acres with water. The Bow river project water for 55,000 acres of land and this will be increased by another 250,000 acres. Under this area lies a great natural gas field which could mean many many times more production than presently exists in the area.

Mr. Ruseenholdt spoke of the conservation of all natural resources.

In conclusion Mr. Ruseenholdt mentioned the importance of fish and game conservation. He said, "Twenty per cent of \$3,000,000,000 of U.S. money spent on fishing and hunting could be diverted to Western Canada."

At CCF Convention

Party Leaders Discuss Socialist Policies

REGINA, Dec. 12.—(CP)—Federal and provincial CCF leaders, meeting here this week-end for the party's third interprovincial conference, will discuss methods of implementing party policy as laid down by convention, and correlation of the party's national and provincial policies, CCF officials said today.

HELD EVERY TWO years to alternate with national conventions, the conferences are designed to discuss progress made in reaching party objectives and future programs to be followed.

A. O. Smith, Saskatchewan CCF secretary, said the conference was not a policy-making body and would not be open to the public or the press but statements would be issued during the three day meeting which opens today.

Expected to come up for discussion are Dominion-provincial fiscal relations, social security and health, federal and provincial fields of action, farm policy, a labor program to fit provincial legislation into the proposed national labor code and constitutional problems.

Arslac, a protein fibre derived from Alkmond milk, has the warmth of wool and can be used to interline quilts.

\$1,000,000 Plant Wrecked by Fire

SCOT, O., Dec. 12.—(AP)—A \$1,000,000 plant that rose from the dream of an unemployed pottery worker with 11 cents in his pocket was wrecked by fire yesterday.

Firemen from seven towns

battled the blaze that wrecked the plant of the Sea Pottery Co., which claimed to be the world's largest producer of plain white pottery ware.

Sea pottery started by L. P. Hesse in 1932 when this town was near economic collapse and Hesse and some other unemployed pottery workers came upon a broken-down plant.

\$6,000 Reward Now Offered For 3 Fugitives

OTTAWA, Dec. 12.—(CP)—Want to make yourself \$6,000? All you have to do is find Don (Johnny) McDonald, Nicholas Minville and Ulysses Lauson, who escaped from Kingston penitentiary on the night of Aug. 17.

The new reward total, consisting of \$2,000 offered by the Canadian Bankers' Association and \$4,000 offered by the commissioner of penitentiaries, was announced yesterday by Commissioner S. T. Wood of the Royal Canadian Mounted Police.

Since the three fugitives all have bank robbery records, the CMA decided to place the extra \$4,000 on the heads of the three men.

32 Choirs to Take Part Rotary Carol Festival To Be "Biggest Yet"

Representation in the Christmas tradition of a snowbound New England village will provide the setting next week for the Edmonton Rotary Club's annual festival of Christmas carols at McDougall United Church.

According to committee officials behind the enterprise, the festival, which will be the largest and most of the year's event, scheduled for next Monday, Tuesday, Wednesday and Thursday, Dec. 11 to 14, inclusive, will start each evening at 7:45 p.m. with community singing leading off each program. A small amount of charge goes to the Rotary Club's fund for community service work.

"Christmas Carols of 1947" will start each evening at 7:45 p.m. with community singing leading off each program. A small amount of charge goes to the Rotary Club's fund for community service work.

Give First Reading To Austerity Bill
OTTAWA, Dec. 12.—(CP)—The Commons yesterday gave first reading to the first of the emergency bills required to give legislative force to the government's austerity program. Finance Minister Abbott said the bill would provide for the prohibition of some exports and the placing of others under quota and permit restrictions. These measures went into effect Nov. 17.

New Violence Flares in Jerusalem

Jerusalem police hold back a mob right from a burning Arab garage (left) which they feared might have started an all-out attack on Jews being expelled for Arab attacks on Jewish quarters in the city. Meanwhile, Arab forces were reported to have staged an all-out attack on Jews being expelled for Arab attacks on Jewish quarters in the city. Meanwhile, Arab forces were reported to have staged an all-out attack on Jews being expelled for Arab attacks on Jewish quarters in the city.

Christmas Gifts From U.S. Okayed
OTTAWA, Dec. 12.—(CP)—The revenue department has decided to play ball with Santa Claus—at least until after Christmas. The department permitted only gifts worth less than \$5 to enter.

Only Force Left For Europe Reds

WASHINGTON, Dec. 12.—(BUP)—A house foreign affairs committee member recently returned from Europe said today Communists have lost their chance for political victory in non-Soviet Europe and must decide "within a few months" whether to resort to force.

"If they do not choose a violent strike for power in France and Italy, then for the time being the limits of Communist expansion after World War II have been set for the western world," said Rep. Franklin J. Maloney (R-Pa.).

In a report made public by the foreign affairs committee, Maloney said a political swing to the left that followed the war has been halted. Communist strength, he said, is on the decline.

"It is impossible for an outsider to deduce the solution which Communist minds will find, but Maloney said: 'For the moment it can only be said that the Communist have for early victory in Europe through legal democratic politics is dead for years to come.'"

Hydro Project

QUEBEC, Dec. 12.—(CP)—Premier Duplessis announced yesterday the Beaurivage light, heat and power company has been authorized to undertake additional hydroelectric development of about 600,000 horsepower on the St. Lawrence River between Lake St. Francis and Lake St. Louis.

Transferred
BRANTFORD, Dec. 12.—(CP)—George Patrick, local field secretary for the Canadian National Institute for the Blind has been transferred to Saskatoon as executive secretary for that part of Saskatchewan which lies north of the South Saskatchewan River. It was announced today. He will leave early in January.

DISTRICT NEWS IN BRIEF

Plan Central School

Take In 4 Districts

WETASKIWIN, Dec. 12.—A four-room central school for students of four districts of the Wetaskiwin School Division—Big Hay Lake, Harvest Home, Crooked Lake and Roseland—will be built next summer, it was decided at a meeting in Wetaskiwin recently.

Norman MacEachern of Wetaskiwin, president of the Western Canadian Millers Association, has returned from Winnipeg where he conferred with members of the Canadian Wheat Board. The problem of smaller feed mills being unable to obtain enough grain to continue operations was discussed.

Name Instructor To Defence College

OTTAWA, Dec. 12.—(CP)—Arnold Smith of Toronto, a member of the External Affairs department, has been appointed civilian instructor at the Canadian Defence College at Kingston, Ont. It was announced here yesterday.

The college will have instructors from the three armed services as well as Mr. Smith, who will lecture on political and economic problems relating to foreign policy.

It also was announced that Jean Forrester of Montreal and Quebec City, a member of the Canadian embassy in Argentina, had been recalled to attend the college as the student representative from External Affairs.

The college will open next month for a limited number of students from the armed forces and certain government departments. All are new appointments, since the college is opening for the first time.

Siamese Twins Past Critical Stage

INDIANAPOLIS, Dec. 12.—(AP)—Dr. Donald Casper, director of the Indiana University medical centre here, said yesterday the Siamese twins are past the critical stage, and that no separation will be attempted unless one of the boys appears to be dying.

The twins, 11-day-old sons of Mr. and Mrs. Edward R. Speer of Bedford, are joined together at the tops of their skulls by a bony structure three inches in diameter.

"They are united firmly and the joint is not flexible," Dr. Casper said. "Theoretically, the only way they could ever walk would be with one twin supported inside the other on the head of the other."

Arrange Joint Fete

Servicemen's Children To Attend Big Party

Army and Air Force authorities are combining their efforts to provide a thrilling entertainment and Christmas party for children of servicemen. It is expected that at least 200 children will take part in the event, which will be held on Dec. 20, with Santa's arrival scheduled for 2:30 p.m.

The party will be held at the North West Air Command, and will be a joint effort of the Army and Air Force. The party will be held at the North West Air Command, and will be a joint effort of the Army and Air Force. The party will be held at the North West Air Command, and will be a joint effort of the Army and Air Force.

Christmas

is a simple supply of good things to eat, such as candy, for example. There was an abundance of food.

It has been decided that 50 per cent of the army, navy and air force personnel will be given a Christmas holiday, and the remainder will be given a vacation over the New Year holidays. On Christmas day, all personnel will be given a day off, and the remainder will be given a vacation over the New Year holidays.

Dies in East

Michael F. Laverly, ward of whose death Wednesday at Montreal has been received by Robert Steele, manager of The Royal Trust Co. branch here. Mr. Laverly was 30 years old, having in 1931 taken over a position as assistant secretary in the company's head office at Montreal.

Salt Production

OTTAWA, Dec. 12.—(C.P.)—Salt production in September decreased 100,000 tons from 61,642 in August to 55,001 tons from 61,642 in August. The output of 1936, the Dominion bureau of statistics reported yesterday, since January, 1937, has been produced against 418,238 in 1936.

Lord Bingley Dies

LONDON, Yorkshire, England, Dec. 12.—(AP)—Lord Bingley, 76, Conservative member of the House of Commons from 1900 to 1931, died yesterday. He served in the army during the Boer War and was made a Baron in 1920.

OLD VIRGINIA
 PIPE TOBACCO

THE THOSE WHO ROLL THEIR OWN GIVE OLD VIRGINIA THE CUT

Tells Of Gay Life Duke Regretted Lack Of Study At Oxford

NEW YORK, Dec. 12.—(AP)—The Duke of Windsor, describing his life as Prince of Wales in an autobiographical article, says that Oxford University during his student days there "failed to break through the resistance to learning that was the legacy of my unbookish ancestors."

"It is a little discouraging to realize how little I learned there," he writes in the second of a series of his youth, "but the fact does not do with Oxford."

"In retrospect, I am sure that I did not have the imagination to realize that in those difficult studies which I had to pursue were the keys to many of the problems which have beset the world."

The Duke describes parties eluded by boredom "led with furniture loaded out of the room and undergraduates who had insured their classmates' diplomas and birthday celebrations accompanied by the ceremonial smashing of glasses against the fireplace, and eventually, the carrying out of those who could no longer wait by those who thought they could."

However, "it is characteristic of college students that the holiday, in moments of reminiscence, momentarily overshadowed the dull plodding of the day."

"I was a serious student, and the truth is that my Oxford days, by and large, were sober, tedious and uneventful."

THE DUKE DRAWS ON his diary notes to describe fully ceremonial occasions in which he participated, including the funeral services for the prince, King George V. and Queen Mary, and his own investiture as Prince of Wales.

For the moment, he rebelled at wearing a "mante and aurore of purple velvet edged with ermine and white satin incrustations," which he describes as a "fantastic costume" and "preposterous" hat.

"In the end my mother, as always, smoothed things over."

"I did not like the impression, although the thought was never actually put into words, that if I only did what was asked, I would help papa in his dealings with the world."

"I was a serious student, and the truth is that my Oxford days, by and large, were sober, tedious and uneventful."

Very Considerate Of Auto Thief
 FLUSHING, L. I., Dec. 12.—(AP)—Police were looking yesterday for what they described as an exceptionally considerate automobile thief.

The car was found a few hours later it was stolen with \$200 in cash in the glove compartment untouched, \$800 worth of machine tools in the rear and the gas and oil tanks filled—apparently just before it was abandoned by its thief.

Almost all railroads in India are state-owned.

Hearings May Last Three Years
 By ERWIN FRICKE
 KAMLOOPS, B.C., Dec. 12.—(AP)—Indications were last night that the Japanese property claims commission will be the longest active in the world.

Further, the commission will be the longest active in the world.

Lure Them Away
 DUBLIN, Dec. 12.—(AP)—The Irish government announced yesterday to finance a program to stimulate interest in athletics by attracting young men away from dance halls and cinemas.

Explosion Kills Four Coal Miners

WILKES-BARRE, Pa., Dec. 12.—(AP)—Two gas explosions 1,600 feet underground in an eastern Pennsylvania anthracite mine yesterday killed at least four men.

A fifth miner was seriously injured and three others suffered severe burns in blasts at the Lehigh Coal Company colliery three miles from the heart of Wilkes-Barre.

Some of the 250 diggers were working in the mine when the explosions occurred, but walked out safely.

There was no immediate explanation as to how the gas was ignited.

Meet Mr. Abbott
 MONTREAL, Dec. 12.—(AP)—The Montreal Consensus delegation and representatives from 75 coal mine groups will leave today for Ottawa, where they have an appointment with Prime Minister William Lyon Mackenzie King.

The group will discuss possible price control legislation in the new year.

Mine Official
 SCHENECTADY, Pa., Dec. 12.—(AP)—The Schenectady Mine Association today announced that it will be the next international vice-president of the United Mine Workers of America.

The association's vice-president will be announced shortly by the mine workers' board in Washington, the Times reported.

Now has in the neighborhood of 400 members of the mine workers' board in Washington, the Times reported.

The movements will reduce Alberta's population of Hutterites by about 10 per cent. The province

Bad Crop Weather Estimated Today

WYOMING, Australia, Dec. 12.—(AP)—Heavy unseasonal rain in the last two weeks may cut the New South Wales wheat crop by 30,000 bushels, a government department official estimated today. Earlier a loss of 100,000 bushels harvest had been predicted.

Our Town

(Continued from Page 17)

Barren, an outfit that serves more than 50 families in these parts and is known as the "Smiths". The "Smiths" took the kind of thing I couldn't get out with, and I was very much surprised to find a few heavy chairs and a few more income tax returns which gave me a great deal of trouble in the past. But it sets out to explain what has happened in the past few days. The miserable little wage-earners who live in the "Smiths" are suffering again.

The Smith Family

One of the "Smiths" is the "Case of the Dwindling Dollar" in a typical Canadian family of five, who, just for our purpose, we will call the Smiths. Actually, this is a real family who serve as a guide for the Toronto Welfare Council in keeping a check on how the average Canadian family is suffering again.

The Smiths - a family of five - have a daughter who is about to be a week. This is a family who is suffering from the "Dwindling Dollar" in a typical Canadian family of five, who, just for our purpose, we will call the Smiths. Actually, this is a real family who serve as a guide for the Toronto Welfare Council in keeping a check on how the average Canadian family is suffering again.

Vegetable Supplies Affected by Ban

Celery, lettuce and tomatoes have practically disappeared from the shelves of supermarkets in Edmonton as a result of the recent embargo on these products from the United States under the Dominion War Reliance Act. It was learned from fruit and vegetable wholesalers here Friday.

Some of the wholesalers have exhausted their supplies of celery and lettuce, and are also depleted of tomatoes. The only tomatoes now available are home-grown at the Pacific coast.

There will be a steady decline in the supply of citrus fruits as the full extent of the 50 per cent quota of the United States supply of these fruits takes full effect. Other fruits and vegetables affected by this embargo are bananas, onions and potatoes.

Local vegetable growers produce in a plentiful supply, but there is the possibility of a potato shortage if frost comes to the detriment of the crop from British Columbia is available.

At Christmas Season

Claim "Turkey-Split" To Be Popular Dish

Here's something new in prospect for the Christmas season. It's a choice delicacy, concocted in Eastern Canada and introduced here in time for general acceptance and use in the coming Christmas season.

It is something that started in Montreal recently, promising to spread to the west and may come as common as ordering a half-pound of bacon or a half-pound of butter.

The large bird can easily be made into two halves by splitting from north to south, not across.

The turkey-split is proved as simple as splitting a whole bird. All the dealer needs is a sharp knife and the knack of butchering.

The large bird can easily be made into two halves by splitting from north to south, not across.

Civil Servants

(Continued from Page 17)

Intention Committee headed by M. C. Farnham had consolidated this mass of resolutions in a relative few, but it was expected that one of the main topics to be dealt with by the association would be methods of combating higher living costs.

Another topic which was in recent full consideration had been mentioned by Mr. Farnham. It dealt with the provisions in the Pension Act whereby an employee with less than five years service forfeited his right to any advantages under the new legislation.

Members of the civil service commission are now working on a new and higher salary schedule for employees of the Alberta Liquor Control Board, William Macdonald, association representative on the commission announced in his prepared report.

SALONICA, Dec. 12.—(AP)—Twenty-nine persons, including one woman, were under sentence of death today in Salonica after their conviction by a military court last night on charges of plotting a Communist uprising in Salonica.

It is the first time that a military court has convicted a group of persons on charges of plotting a Communist uprising in Salonica.

To Train Britons For Atomic Defence

LONDON, Dec. 12.—(AP)—Every adult and child in Britain will be trained for self-protection against an attack in the atom age under a government plan to re-organize civilian groups.

The plan, which promises to be a new civil defence service, to be planned by a joint staff, will be organized in a home office memorandum which said: "After a major attack on a large center of population, the task of training."

A white paper said 1,000,000 of the 50,000,000 acres of land in Britain will be reserved for use in the navy, army and Royal Air Force and for military research and training.

The discovery, which promises new knowledge about how nerves work, was made by Dr. J. H. Hubbel and Dr. Francis G. Schmidt, biologists at the Max Planck Institute of Technology.

The looking was done with a electron microscope, which achieves effective magnifications of 100,000 times actual size.

Nerves are composed of many fibers arranged in parallel, like a cable. Evidence was found that the core of each individual fiber contains many long, string-like molecules.

Human Nerve Fibres' Core Revealed for First Time

By ALTON L. BLAKESLEE
PHILADELPHIA, Dec. 12.—(AP)—The first look into the mysterious central core of human nerve fibres, revealing a structure never seen before, was announced today by the Electron Microscope Society of America.

The discovery, which promises new knowledge about how nerves work, was made by Dr. J. H. Hubbel and Dr. Francis G. Schmidt, biologists at the Max Planck Institute of Technology.

The looking was done with a electron microscope, which achieves effective magnifications of 100,000 times actual size.

Nerves are composed of many fibers arranged in parallel, like a cable. Evidence was found that the core of each individual fiber contains many long, string-like molecules.

10,000 Dutchmen Coming to Canada

WINNIPEG, Dec. 12.—(CP)—J. S. McGowan, director of the Dutch Canadian Immigration and Settlement Service, said today that the Dutch government will sponsor migration of 10,000 citizens from Holland to Canada in 1958.

Larger numbers would be available, and if the emigration could obtain more Canadian dollars, he said. It is expected that the two ships will make 13 trips in 1958 to bring them to Canada.

Mr. McGowan said the group would settle in the Holland marshes near Winnipeg, near the center of the Canadian prairie.

These people have a knowledge of mixed farming and intensive cultivation that makes them excellent settlers, Mr. McGowan said.

Regina Mayor Leads Parade to Victory
REGINA, Dec. 12.—(CP)—Mayor J. S. McGowan led the Regina Voters' Association back into office in yesterday's civic elections with a clean sweep of all offices.

Mayor McGowan polled 10,500 votes, or 50 per cent of the total, to win the mayoralty. He defeated his nearest opponent, J. S. McGowan, by a margin of 1,000 votes.

Mr. McGowan's victory was a surprise to many observers, who had expected a close race. He had been in office for only a few months.

The victory was a result of a combination of factors, including a strong campaign and a high turnout of voters.

"I want an Evening Gown that is an Evening Gown"

Thorough Study Of Wildlife Planned

WASHINGTON, Dec. 12.—(AP)—The United States Fish and Wildlife Service has unveiled plans for the most thorough study of wildlife wintering areas ever attempted. Cecil N. Williams, chief of Wildlife Management Investigations, said today.

The survey for the first time will extend through the West Indies and possibly into the northern end of South America, Williams told a reporter.

Simultaneous, similar surveys are under way throughout the United States and in Canada and Alaska, and prospects are very bright for the most satisfactory winter inventory ever made.

The studies, carried with investigations along shore and in the summer breeding grounds, will provide information useful in attempting to halt the decline of bird and game populations.

Russians Blow Up Hitler's Shelter

BERLIN, Dec. 12.—(AP)—Russian army engineers yesterday blew up the underground air raid shelter where Hitler and his mistress, Eva Braun reportedly committed suicide as the war ended.

The dynamic blast ended any remaining hope that bones or other relics of the Fuehrer will be found in the Reich Chancellery shelter.

The bunker, built beneath the once-beautiful lawn behind Hitler's chancellery office in mid-1940 Berlin, was seen the greatest power sightseeing attraction in Berlin. It has been the focal point of the most intensive search ever conducted for one man.

"I want to turn into a bewitching creature when the sun goes down. I want to bare my shoulders and have my skirt pout out like a cloud." Your wish is granted; for here are elegant formal in fashions beguiling as the flutter of an eyelash.

Raise Airline Rate
 BOSTON, Dec. 12. (AP)—Northeast Airlines yesterday announced an increase of 10 per cent in fares on routes south and west of Boston effective immediately. Fares north of Boston are not affected. Officials said the raise was made necessary by increased costs.

Escaped Injury
 MEDICAL LAKE, Wash., Dec. 12. (AP)—A United States Air Force bomber crashlanded in a field two miles north of here last night but its crew of 10 escaped serious injury, the Spokane air field reported.

Not Badly Off

Many Members Give Views Emergency Bill

OTTAWA, Dec. 12. (CP)—Percy Wright (CCF-Melfort) said last night in the Commons that the world is "dynamic" in its ability to destroy and to produce.

Continuing debate on a resolution seeking extension of emergency powers until March 31, he said that the one lesson the war should have taught was that complete free enterprise was not necessary to the success of the nation.

There was another emergency today—and controls again were needed to enable full-scale production. He could not understand the mentality of persons who wanted to "throw controls out the window."

Controls would provide veterans housing and the educational and medical services in which the Canadian people were entitled.

Mr. Wright advocated closing of the Winnipeg grain exchange and an end to "speculation" in wheat that food commodities.

Robert Fair (SC-Battle River) also urged abolition of the Winnipeg grain exchange. He called it a "gambling den" and said the "gamblers" in the exchange should be prosecuted "just as any other gambler would be prosecuted."

Mr. Fair said western farmers had no objection to Canada supplying cheap wheat to Britain. However, the difference between the Canadian and British price and the world price for wheat should be paid to the farmers out of the federal treasury. He felt the government had made a mistake by not increasing the price of wheat through a subsidy or otherwise. He suggested that the cattle embargo to the United States should be lifted.

J. S. Zanlner (CCF-Baughn) said the government should admit that it had made a mistake in re-

moving the subsidy on emergency. Farmers were 100 per cent opposed to removal of the subsidy. Price controls alone would not solve Canada's economic problems. Some sort of co-operative effort was needed as well.

H. W. HERRIDGE (People's CCF—Kamloops) said grain will be sent for re-shipment to overseas markets. He urged the government to maintain strict control, and to get subsidies on milk, butter, feed grains, cotton and wool.

C. H. Castleden (CCF-Vancouver) said farmers who delivered grain before Oct. 31 when the subsidies were still in effect had a winning bet. He said the government must make a statement to getting possible re-shipment.

There had been a huge killing of hogs because there had been no indications from the government that the price of hogs was to be maintained.

Agriculture Minister Gardiner said efforts had been made to keep oats and barley in line with the prices of other grains and farm products. But farmers in eastern and western Canada were frustrated that a subsidy was paid on grain from east of Fort William.

HE SAID the controls would have been taken before mid-February, when they finally were abandoned. Had it not been for the meat packers' strike during late September and early October.

There had been suggestions that western farmers had withheld their grain from the market in defiance of a price rise, but this was not so. The government has no authority to place barley and oats under the Canadian Wheat Board, as has been suggested.

He also said it was "practically understood" that the national wheat payment will be "at least \$1.55 a bushel."

MR. GARDINER said the most effective control on feed grain was the mixed wheat price and the fact that the American border was closed.

Seven Die in Fire

Firemen work on the body of one of a family of seven who were killed when fire swept their home in a house in the city of Vancouver. Firemen have cleared away an overturned stove and a wooden partition in the home.

Some said the price of meat in the British food controls committee ruling a ceiling but this was not so because the meat board could not meet at that price it was too high. Actually, the contract price was the floor price.

He said the most effective control was the permit system for U.S. imports plus the British contract.

If the farmer was going to get more than the consumer, someone along the line was going to pay more.

He was not saying that the hard-pressed farmer had got all that was coming to him. But the position of the farmer was not anywhere near as bad as the opposition tried to make out.

THE FARMER has done better in the last few years than ever before.

Mr. Gardiner said there had been a great deal of discussion at the recent Dominion provincial conference had been because of the discussion between Canada and the United Kingdom on the renewal of food contracts.

There was no connection between the two, he said.

Farmers were asked at the conference to try to do what the weather prevented them from doing last year. If successful this year then they could increase live stock production.

It was thought likely that about 10 moves would be accepted to the Rochester hospital.

CBC Purchases Man. Govt. Radio

WINNIPEG, Dec. 12. (CP)—Premier Stuart Garvin last night announced the CBC next year will construct a 50,000-watt broadcasting station in Manitoba and that at the same time the provincial government "will go out of the radio broadcasting business" by disposing of its stations CKY, Winnipeg, and CKX, Brandon.

This had been arranged in ineffectual negotiations, one near completion, between the federal authorities and Manitoba, which CKY and the less-powerful 35-year-old CKX are operated by the Manitoba Telephone System, a provincial utility. Manitoba is the only province operating radio stations, although Alberta owns non-commercial CKLA, Edmonton.

When the CBC and the province had agreed upon a price "we intended that we would not proceed to close the deal until we had tested the response of the price in the market," Premier Garvin said in his broadcast.

To this end we propose that we should call for separate sealed tenders for our two radio stations and in connection with the call for tenders for CKY we would test the price asked upon by the Canadian Broadcasting Corporation and ourselves as an undisclosed reserve bid.

"If the highest tender which we received for CKY would bring us more money than the amount which we would receive if we accepted the Canadian Broadcasting Corporation's offer, then we would sell CKY to the outside private market."

He did not reveal whether any private offer had surpassed the CBC's offer.

Seek to Regain U.K. Salmon Trade

OTTAWA, Dec. 12. (CP)—A major campaign to regain the U.K. salmon trade that Canada is seeking in an effort to establish a new marketing United Kingdom market for Canadian salmon and other fish can be brought about through the establishment of a new salmon marketing board, officials here said.

The new board would be responsible for the marketing of salmon in the United Kingdom, officials here said.

The campaign to regain the U.K. salmon trade is one of the most important in the government's effort to improve the Canadian food trade.

Meat Stocks Up

OTTAWA, Dec. 12. (CP)—Meat stocks held by packers, meat wholesalers and butchers and cold storage warehouses on Dec. 1 rose to 1,000,000 pounds, compared with 917,000 on Nov. 1 and 826,000 on Dec. 1, 1946.

Dominion Bureau of Statistics reported yesterday.

Made President

Lethbridge, Alta., Dec. 12. (CP)—A well-known veteran of the First World War and father of two young servicemen who lost their lives overseas in the Second World War Jack Emery was elected president of the Lethbridge Armory, Nov. 30.

Mr. Emery, 55, was elected president Wednesday night. He succeeds W. S. Henderson who will continue to serve on the executive.

Nurses' Recruiting Campaign at End

TORONTO, Dec. 12. (CP)—A recruiting campaign of a Rochester, N.Y., hospital for Toronto nurses ended yesterday after Mrs. Gladys Arnold, representative of the Strong Memorial Hospital, expressed surprise with at the large number of applications and the completion of Toronto hospital interviews.

After interviews with some 40 nursing bureaus and other hospitals, Mrs. Arnold and other representatives of the Toronto Hospital Council and the registered nurses' association of Ontario, which endeavored to talk her out of the plan because of Canada's nurse shortage, Mrs. Arnold yesterday left her affairs in charge of the advertising company who told callers no more applications would be accepted.

It was thought likely that about 10 moves would be accepted to the Rochester hospital.
